* Due to the shut-down and rehabilitation of Mixsawbah State Fish Hatchery in 2006, the coho salmon stockings were reduced by 60%; the spring release Skamania steelhead were stocked in the fall of 2005 as fingerlings; Michigan steelhead (winter-run) were stocked 2007 as yearlings instead of December 2006 as fingerlings; and the St. Joseph River fall steelhead stockings were reduced by approximately 40,000 fish to offset changes to the Trail Creek and Little Calumet steelhead stockings. Additionally, 2007 spring release steelhead were stocked in the fall of 2006 as fingerlings.
