Logansport, IN 46947-3171

Dear Ms. Blanton and Messrs. Fincher and Anderson:

This letter is being provided to you in accordance with the Worker Adjustment and Retraining Notification Act ("WARN Act") in order to notify you that the Carlisle Industrial Brake and Friction division of Motion Control Industries, Inc. (the "Company") is closing its manufacturing facility located at 1441 Holland Street, Logansport, IN 46947 (the "Plant Closure"). The Plant Closure will be permanent.

Unfortunately, the Plant Closure will result in the termination of 118 Company employees employed at the Logansport facility. It is anticipated that the majority of production operations will end by December 23, 2009. In order to meet certain customer commitments, some operations may operate longer, but are anticipated to end by March 31, 2010. The March 31 date may change based on the need to close the facility in an orderly manner and the need to fill final customer orders.

Attached, please find is a document listing the job titles of all positions affected by the Plant Closure and the number of affected employees in each position classification. The Logansport facility is unionized. The majority of employees are represented by United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers (USW) and Local Union No. 7-00518. There are no bumping rights outside the Collective Bargain Unit.

I will be available to address any questions or concerns that you may have and I encourage you to contact me at 812-334-8707 or jim.bellune@carlislebrake.com.

Sincerely,

Jim Bellune
Division Director of Human Resources

Cc: Wayne Dale – USW
Brian Coe – Local No. 7-00518
