Indiana Department of Workforce Development
Dislocated Worker Unit
10 North Senate Avenue
Indianapolis, IN 46204-2277

Subject: WARN Notification

Dear Sir or Madam:

Pursuant to the Worker Readjustment and Retraining Notification Act (WARN), Strategic Resources, Inc. (SRI) is providing notification of its plans to permanently layoff employees performing work at Camp Atterbury, IN. The cause for the layoff is due to the end of SRI's Contract with the Department of Defense to provide CONUS Support Base Services (CSBS) at Camp Atterbury. Since July 9, 2007, SRI has been contracted to provide CSBS at Camp Atterbury that pertained to the mobilization, deployment, and demobilization of soldiers.

The planned date of the layoffs is September 30, 2013. Although the layoffs are expected to be permanent, the planned layoff date could be delayed and/or postponed should the Department of Defense choose to extend SRI's contract operations in part or in whole. Should a contract extension be given, SRI would maintain a portion of its workforce to sustain contractual operations and obligations.

Employees are not represented by any labor organizations and as such, bumping rights do not exist. Should portions of the workforce remain after the planned layoffs and/or be called back to work, positions will be filled by employee(s) that were employed with SRI when our contractual operations ended.

Attached is the list of the job classifications and number of employees per job classification impacted by this layoff. For further questions or if additional information is needed, please contact me at the following address and phone number below:

Mr. Kirby Collins
